# ValuFlo 750

The compact 750 series delivers big flow for little power. Great for smaller and simple ponds (3,000 gallons or less). The motor is totally-enclosed fan-cooled for durability. 115V only. 18 month limited warranty. Supplied with an 8-foot cordset. Made in USA.

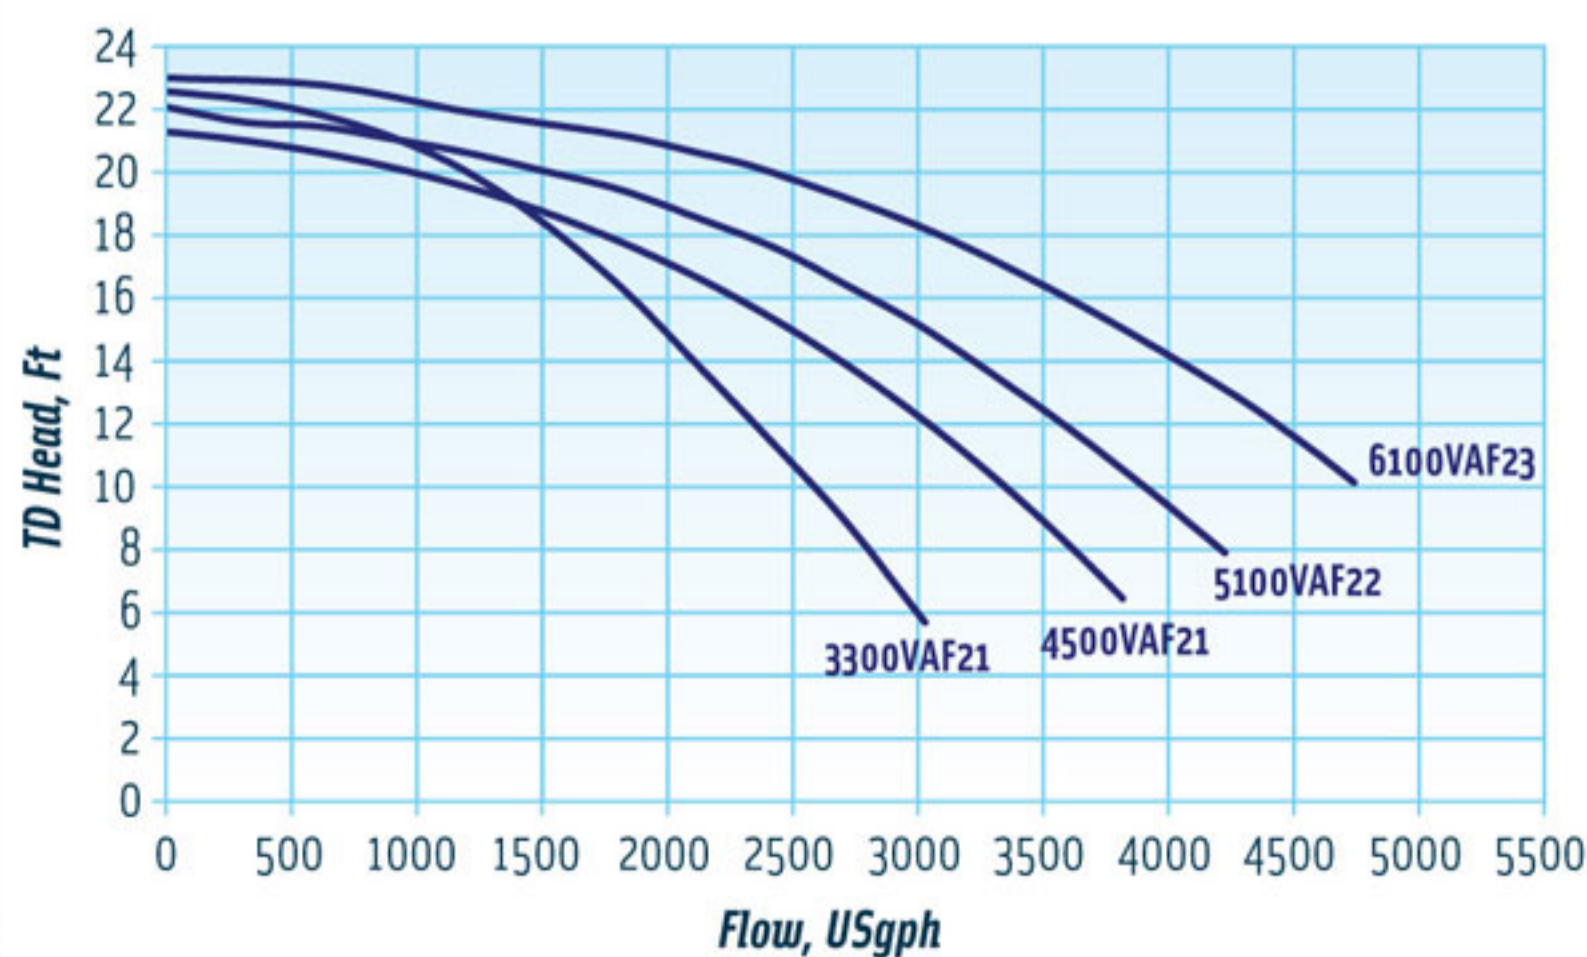

Model	Inlet	Discharge	Max Flow, GPH	Max Head, Ft	Max Power, Watts	Max Current Amps	@ Volts	Motor HP	Motor Voltage	Enclosure
4200VAF12	2	1.5"	4200	12	166	1.5	115	0.12	115 only	TEFC

# ValuFlo 1000

The 1000 series has set the standard by which all others are measured. Perfect blend of medium pressure and ample flow for the majority of ponds. Motor is totally-enclosed, fan-cooled for durability. 115V or 230V. 18 month limited warranty. Supplied with an 8-foot, 115V cordset. Made in USA.

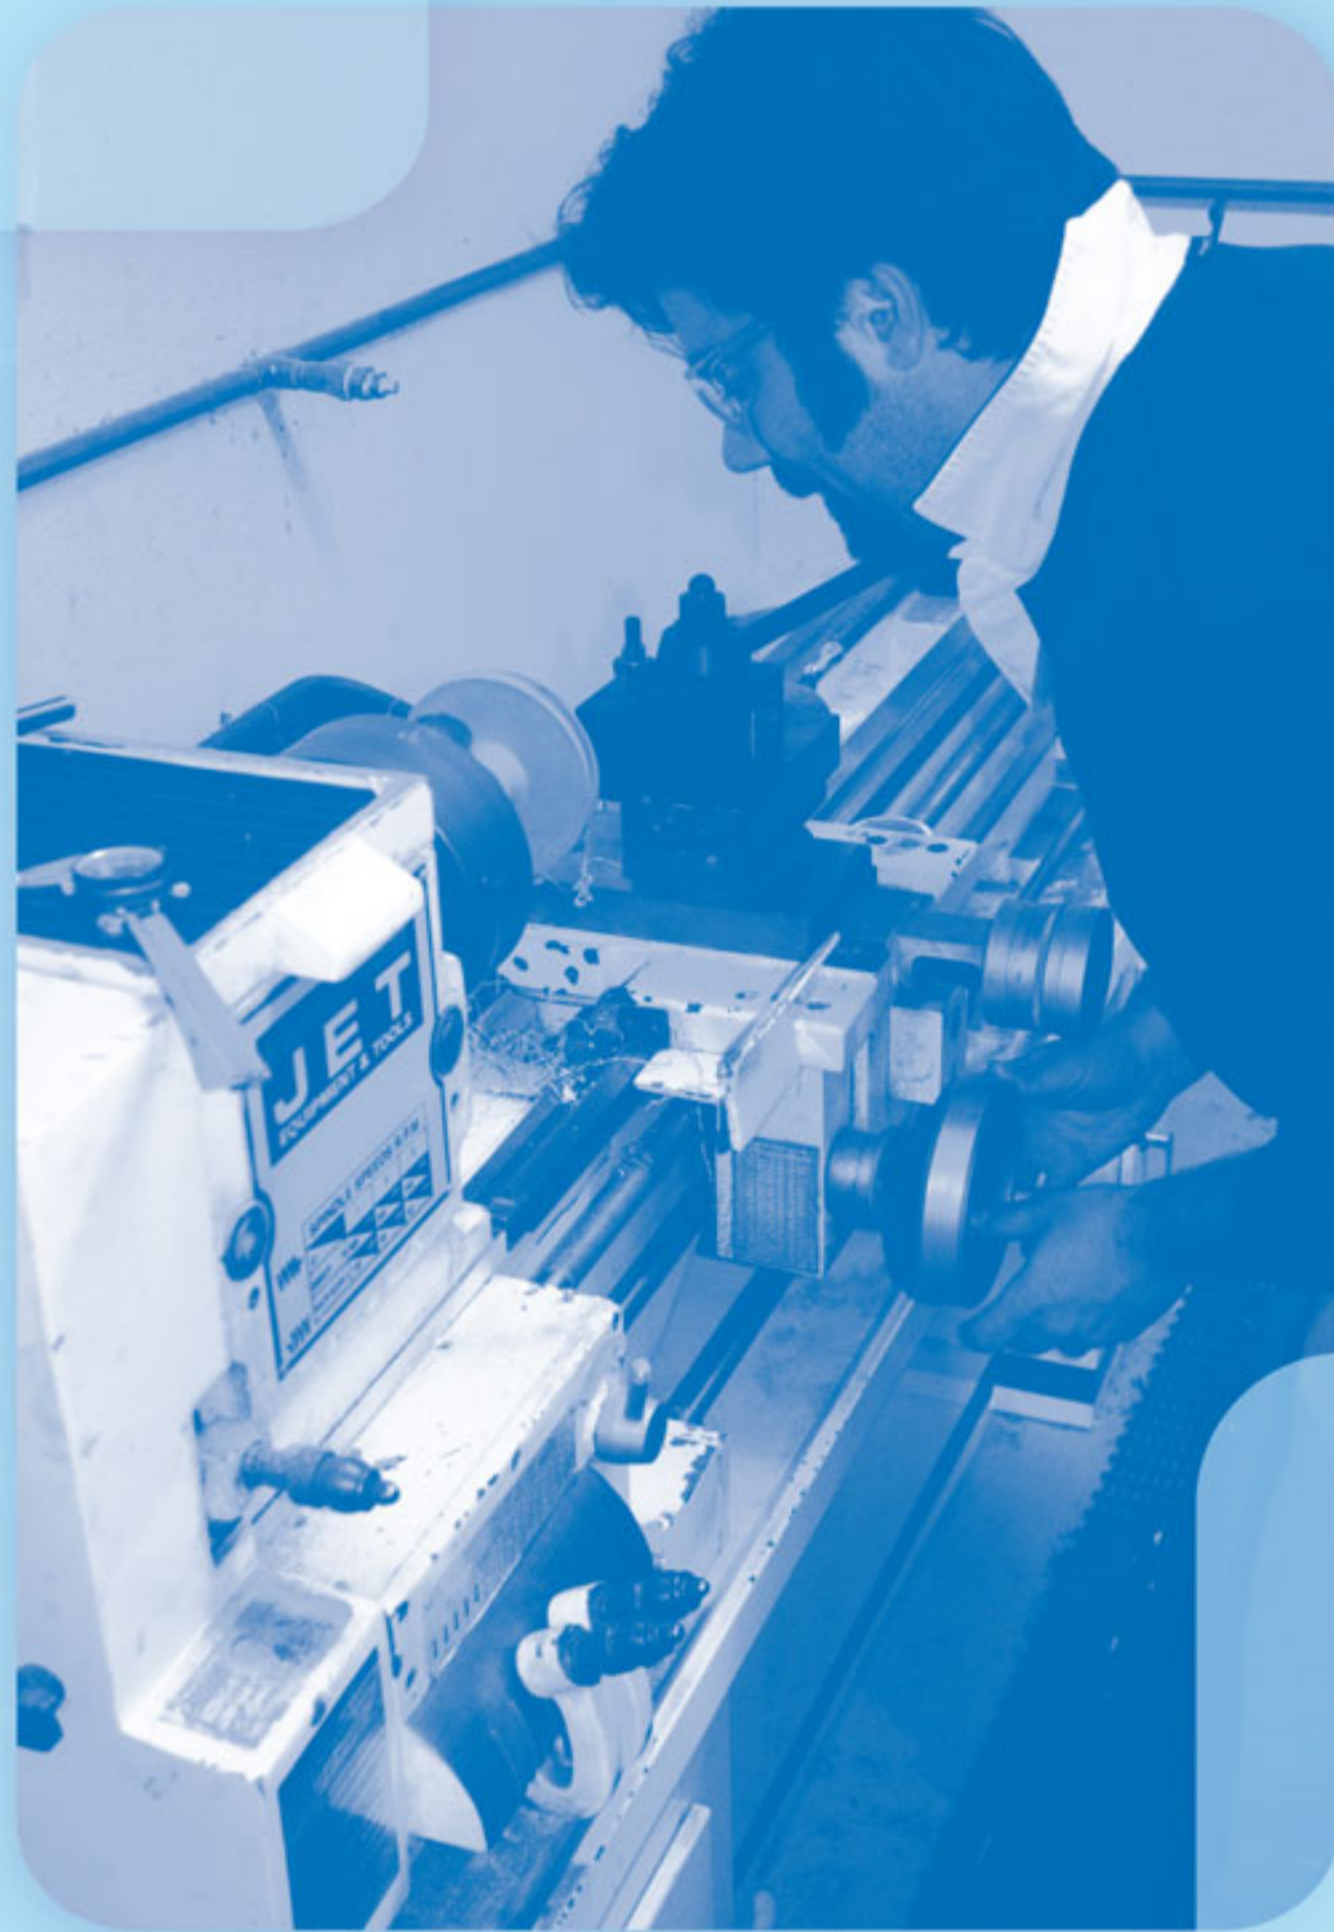

Model	Inlet	Discharge	Max Flow, GPH	Max Head, Ft	Max Power, Watts	Max Current Amps	@ Volts	Motor HP	Motor Voltage	Enclosure
3300VAF21	1.5"	1.5"	3300	21	215	1.9	115	1/3, 1/4, 1/6, 1/8	115/230	TEFC

*Economy With Efficiency*

## ***Economy with Efficiency: The Name of the Game!***

The people behind Valuflo pumps named the product line to reflect the stringent set of standards against which Valuflo performance is measured. Valuflo products were designed to achieve a unique level of economy – with high efficiency in a reliable, long-life pump. Valuflo products offer extremely LOW TOTAL COST OF OWNERSHIP.

### ***Valuflo products appeal to customers concerned about:***

- **High efficiency** - Inefficient pumps simply cost more to operate. Savings from efficient Valuflo pumps often more than pay the difference between Valuflo and other pumps.
- **Long life** - It takes time, as well as extra money to replace a failing pump. Although we all expect products to outlive their warranty, length of warranty is an expression of manufacturer expectations about service life. Compare the length of product warranties, as if replacement is required at the end of the warranty.
- **Lower price** - With designs based on the highest performance pumps in the industry, mated to solid commercial-duty motors, Valuflo products offer great throughput and extremely low total cost of ownership.

The name of the game IS Valuflo – for efficiency, for longevity. Valuflo is simply the best value! From the compact model 750 and workhorse model 1000, there is a pump for every application. All units are assembled and pre-tested in our Colorado manufacturing facility.
